Terms and Conditions

Pioneer Resources Transportation (the "Agency") shall ensure that drivers possess the proper credentials for the vehicle being used to deliver the service.

The agency shall ensure that the vehicle is currently licensed in the State of Michigan.

The agency shall not discriminate against any passenger on the basis of race, religion, color, national origin, gender or disability.

The agency will ensure that all vehicles used to implement this agreement are properly insured at all times against liability in the amount of \$1,000,000.00.

The party requesting transportation agrees to maintain a list of passengers that are authorized to board and travel on the vehicle, to assure that an authorized person maintains such a list while on the vehicle, and to provide such list to the driver or the agency upon request.

The party requesting transportation accepts responsibility for assuring that passengers are able to use the type of transportation being requested (typically a bus or van) and that they, not the agency, shall assume responsibility for injuries to passengers that occur in the course of implementing the planned event that requires transportation.

The party requesting transportation further agrees to hold the agency harmless for injuries that occur to its passengers or participants while in the course of implementing the event for which transportation was requested, and to defend the agency such claims at the requesting party's expense.
