

PIONEER RESOURCES

Community Living Supports (CLS) & Skill Building

Group Community Living Supports, or Group CLS, is a place to learn, grow, and make new friends; a place to take advantage of what the community has to offer. Staff work with participants on goals such as community exploration, wellness activities, and socialization with others.

Skill Building is a model of community-based activities with goals based on the identified needs and desires of the person served. Our Skill Builders participate in volunteer work, soft skills practice, computer training, and job readiness skills.

Both programs typically run 9am-3pm, Monday-Friday with transportation provided. Group CLS is offered in Spring Lake as well as Muskegon.

Transportation Services

Pioneer Resources began as an unincorporated association of parents and educators in the late 1940s, operating as Pioneer School and providing special education and therapy. In 1955, the agency became a tax-exempt, 501(c)(3) nonprofit corporation. As special education and mental health services grew, the organization evolved into Pioneer Resources, Inc. Today, the agency offers an array of individualized supports for persons with disabilities as well as seniors.

OUR MISSION is to help people with disabilities and seniors attain independence and dignity by creating opportunities for participation in the community.
