PIONEER RESOURCES

Residential Services

We believe everyone deserves a sense of home and the chance to be part of a community. Home is where we feel loved, welcomed and supported. At Pioneer Resources, we make it possible for everyone to discover their individuality and develop meaningful relationships.

Our licensed adult foster care homes are staffed 24/7 and support people with intellectual, physical, medical, and personal care needs in a small group setting (6 residents). Our specialized homes are located in quiet neighborhoods throughout Muskegon County.

Residents enjoy activities within the home as well as out in the community. Our residential support staff truly care about each individual, providing excellent support with dignity and respect.

Pioneer Resources began as an unincorporated association of parents and educators in the late 1940s, operating as Pioneer School and providing special education and therapy. In 1955, the agency became a tax-exempt, 501(c)(3) nonprofit corporation. As special education and mental health services grew, the organization evolved into Pioneer Resources, Inc. Today, the agency offers an array of individualized supports for persons with disabilities as well as seniors.

OUR MISSION is to help people with disabilities and seniors attain independence and dignity by creating opportunities for participation in the community.
