Transportation Services

Pioneer Resources began as an unincorporated association of parents and educators in the late 1940s, operating as Pioneer School and providing special education and therapy. In 1955, the agency became a tax-exempt, 501(c)(3) nonprofit corporation. As special education and mental health services grew, the organization evolved into Pioneer Resources, Inc. Today, the agency offers an array of individualized supports for persons with disabilities as well as seniors.

OUR MISSION is to help people with disabilities and seniors attain independence and dignity by creating opportunities for participation in the community.
